Technical Support of [ ] Project

25X1

Ref: VIEN 1433, 23 Aug 57

1. The [ ] tech office has been working for some time with [ ] to prepare a comprehensive list of requirements for the technical support of the [ ] project. Attached you will find a listing of these requirements with comment as to how each item will be employed. By separate dispatch [ ] plans to discuss the plans and goals of the [ ] project so that you may better advise us as to our technical requirements.

2. Since our surveillance teams are already on the street and in need of equipment, it is requested that each of the items listed be sent by air pouch as soon as it becomes available.

3. We have requested in reference a TIF assistant to take over the tech support office during the period [ ] is on leave. It is our hope that this person can bring us directly your reactions and questions concerning our list of requirements and that he can take back to you a picture of our current effort. The overlap of a week preceding and a week following [ ] leave should provide ample opportunity for the visitor to familiarize himself with our local requirements.
